In many instances entire fields of young corn have been cut down, and the farmers have their work to do over again. In the Blue Grass pastures dead blades of grass show where the worm has been at work. The gardens have not escaped, and many patches of newly planted cabbage and tomatoes have been cut down. The cut worms are more numerous than in years.

### Paris Boy Making Good.

Earl Swearingen, of this city, accepted a position several weeks ago to play professional ball with a Milwaukee, Wis., team, and from what the papers are saying about him he is making good. A Milwaukee paper has the following to say of his first game:

"Swearingen, the new Kentucky pitcher, is a great find; he is one of the best in the State and that is saying a great deal; but he is not overrated at that. His perfect control of the ball and great fielding made the Tess Corners lads take their hats off. He did not allow but one ball to be knocked into the outfield."
